

“We make a living by what we get,
but make a life by what
we give.”

– Winston Churchill

A GIFT OF HEALTH

**Enhancing Women's
Health Services**

Butler Health System Caring Hands. Remarkable Minds.

Butler Health System (BHS) puts the emphasis on quality healthcare provided at an affordable price for residents of our community in Butler and the surrounding region. We seek to ensure excellence throughout the patient experience and to maintain outstanding clinical outcomes. Our goal is to provide each and every patient with the best possible care.

Over a Century of Excellence in Pennsylvania Healthcare

The flagship of our health system, Butler Memorial Hospital was founded in 1898. Since that time, we have remained an organization that emphasizes growth and excellence in comprehensive care for patients in our region of service. Today, BHS employs more than 2,000 professionals throughout the community. For over a century, our commitment to the most elite level of patient care centered on the well-being of those we serve has remained the focal point and defining descriptor of our health organization.

The BHS Foundation is the charitable cornerstone of the Butler Health System.

The BHS Foundation supports the mission of Butler Health System by providing avenues for individuals, corporations and philanthropic organizations to support the programs and services of BHS. The Foundation raises money through personal contributions, special events, targeted campaigns, and soliciting foundation and corporate grants.

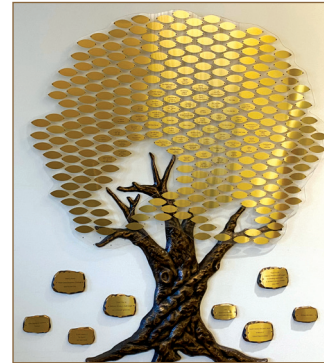

BHS Women's Imaging Center

You too can be a partner in helping BHS develop innovating services, new technology needs, educational programing plus more. The BHS Women's Imaging Center was designed and staffed by women, for women. Even during routine testing, the staff understands how important it is for patients to be in a comfortable, supportive environment where privacy and convenience are valued.

Over the past 20 years, the BHS Foundation has supported the BHS Women's Imaging Center by helping to purchase state of the art equipment, including:

- Automated Breast Ultrasound Unit
- Breast Tomosynthesis Unit
- Digital Imaging Unit
- Stereotactic Biopsy Table
- Stereotactic Biopsy Unit

At the same time you can perpetuate visible recognition for a loved one by having your family name inscribed on a leaf or a stone on the Tree of Life sculpture, which is located outside the BHS Women's Imaging Center at 129 Oneida Valley Road at our Crossroads Campus. This lovely work of art bears the names specified by donors who have contributed to the Tree in amounts ranging from \$500 to \$10,000.

Tree of Life Sculpture

Individuals, groups, organizations, and corporations may add their names to the Women's Services Tree of Life.

We invite you to contact the BHS Foundation to discover how you can be a partner in the mission of helping to further Women's Health Services and how you can also experience the benefits of being a Tree of Life donor. For more information, call us at 724-284-4409 or visit our website at BHS-Foundation.org.
