## **National Association for Business Resources Names The Nation's Best and Brightest in Wellness® for 2016**

December 22, 2016 – Warren, MI — The [National Association for Business Resources](#) has named the Nation's Best and Brightest in Wellness®. (See following list of winners.) This program honors companies and organizations that recognize and celebrate quality and excellence in employee and worksite health.

The 2016 winning companies were evaluated by an assessment, created and administered by SynBella, the nation's leading wellness systems firm. Company entries are examined statistically for quantitative data and examined on a point system based upon criteria to benchmark and improve wellness program effectiveness. They include outcomes, analysis and tracking, participation & incentives, benefits and programs, leadership, employee input, culture and environment.

“Our list of nationally recognized companies is impressive. Having a healthy and happy workforce leads to a healthy company bottom line. This year's winning companies represent high standards and an exceptional commitment to healthy employees, healthy families and a healthy community,” said Jennifer Kluge, NABR president.

The companies that have been selected to be recognized nationally as the Best and Brightest in Wellness® will be featured in the January 22, 2016 online edition of [Corp! Magazine](#). The winning companies will also receive additional recognition and resources as a national winner.

The Best and Brightest in Wellness, a program of the National Association for Business Resources, is presented annually. Nominations are now being accepted for 2016. Visit [www.101bestandbrightest.com](http://www.101bestandbrightest.com) to nominate.
