THE EXCELA WAY
We believe our success is rooted in safe and efficient patient-centered care that’s driven by value based behaviors of all staff and physicians. Our credo affirms employees’ personal dedication to these behaviors.

Our Mission
To improve the health and well-being of every life we touch.

Our Vision
We will be a high-quality, value driven community health and wellness system. We will proactively manage the health of the population we serve. Our caregivers and our community will work together to prevent disease or manage it with early intervention. We will continuously improve through education, communication and effective management. We will measure our progress by our communities’ willingness to recommend us and by preference in national quality standards.

Our Values
We will put patients first.
We have a passion for quality.
We care about people.
We work as a team.
We act with the highest levels of integrity and honesty.
We are good stewards of our finances and community resources.

OUR FINANCES:
• $572 million operating revenue (FY 2018)
• Outpatient growth FY 2018 3.5%
• Net Community Benefit (FY 2017) $30 million
• Cost saving measures and revenue/growth initiatives are all under way.
• Continuous Improvement under LEAN model.
