GRAFFITI GRATITUDE DISPLAYED AT EXCELA HEALTH

GREENSBURG, PA, November 2016… During November, Excela Health employees, patients and visitors have the opportunity to express their thanks on Gratitude Graffiti Walls in each hospital. The project, sponsored by the Nurse Retention and Recognition Committee, benefits from the designs of Seton Hill University art therapy graduate students Meghan Fischer and Kristy Walter who also assist Excela Health’s Hospice families. Washable paint markers are available close to the interactive art displays: Frick Hospital Second Floor corridor near cafeteria; Latrobe Hospital, First Floor near Little Shop, and at Westmoreland Hospital at the Side Street Café.
