EXCELA HEALTH SEEKING NIGHTINGALE VOLUNTEERS

GREENSBURG, PA, July 24, 2017… Excela Health is proud to recognize individuals who chose nursing as a career and now choose to serve their community as a volunteer within the health system. Those with prior professional knowledge and clinical nursing skills who become part of Excela’s growing pool of volunteers are designated Nightingale Volunteers in honor of Florence Nightingale, the cornerstone of modern nursing.

“I am happy to give back to a community that gave me such support in my professional life,” noted Melissa Coffman, a retired Excela Frick Hospital Operating Room nurse. “Volunteering has helped me to stay connected.”

Excelea Health’s Nightingale Volunteers act as ambassadors, care support team members, community outreach liaisons, cuddlers and greeters as well as serve as community members and execute special projects. Opportunities exist at Frick, Latrobe and Westmoreland hospitals as well as Excela’s outpatient centers.

To learn more about becoming a Nightingale Volunteer, contact Ellen Katter, manager, Volunteer Services, 724-542-1870.
